

## AUSTRALIAN MATHS TRUST

### ELIGIBILITY CRITERIA – International Mathematical Olympiad and European Girls' Mathematical Olympiad

To be eligible for selection to the Australian International Mathematical Olympiad (IMO) or European Girls' Mathematical Olympiad (EGMO) team or its associated training schools and activities, a student must:

1. Meet all the IMO Participation regulations as set out in Section 2.2 of the [IMO Regulations](#), or the EGMO Participation regulations as set out in [EGMO Regulations](#) Section 2.2.
2. Be attending an Australian school.
3. Be able to participate fully in all Olympiad activities.

AMT is mindful of the need to support young mathematicians who happen to be refugees, stateless or asylum seekers, or Australian citizens temporarily living and attending school overseas. If you are in such a position, you may still be eligible for selection and you should contact the Australian Maths Trust.

The IMO and EGMO eligibility criteria is valid from 19 August 2019.
